Coffee with provenance and character

We work directly with producers in Peru, building long-term relationships that benefit both farmer and cup. All coffees are micro lots, roasted fresh in Copenhagen.

Our current selection includes anaerobic washed, natural and honey process coffees from Finca La Encañada and Cati Simon Farm - each a unique expression of place and process.

WHOLESALE TERMS

Wholesale prices apply on orders of a minimum 10 units (1 kg) per month. All prices exclude VAT and delivery. Contact us to place an order.
